ABOUT ME

Self-taught **MERN** and **Next.js** developer with hands-on experience in crafting full-stack applications through personal projects. Strong passion for writing **clean, modular code** drives a commitment to developing **intuitive UIs** and **scalable backend systems**. Eager to leverage technical skills and innovative thinking to contribute to dynamic development teams and create impactful software solutions. Continuously seeking opportunities for growth and collaboration in the ever-evolving tech landscape.

- TypeScript
- Tailwind CSS
- React.js
- Next.js
- Node.js
- Express.js
- MongoDB
- PostgreSQL
- Prisma (beg.)

Concepts & Methodologies

- Responsive Design
- API Development
- Deployment
- Auth (AuthN & AuthZ)
- Clean & Modular Code
- Debugging

Soft Skills

- Self Learning
- Adaptability
- Patience
- Curiosity
- Teamwork

EDUCATION

Government Arts and Science College - Komarapalayam | 2021-2024

Bachelor of Science in Computer Science

Graduated with First Class, A+ Grade

Government Arts and Science College - Komarapalayam | 2024-Present

Master of Science in Computer Science

PROJECTS

SUIC – Simple UI Components

A collection of unique, local-first, reusable UI and frontend utility components with clean documentation – installable via CLI.

Tech: **Next.js, TypeScript, MDX, Tailwind CSS, React, Node.js**, etc.

Docs: [suic-docs.vercel.app](#) | Repo: [github.com/vishnudt2004/suic-core](#)

Globblog – Blog Application

Full-featured blog app enabling users to create and manage posts and profiles.

Tech: **React, Node.js, Express, MongoDB, Redux, Google OAuth2.0, JWT**, etc.

Docs: [globblog.vercel.app](#) | Repo: [github.com/vishnudt2004/globblog](#)

Personal Portfolio

A personal portfolio website showcasing my skills, projects, and journey as a developer.

Tech: **React, Tailwind CSS, Framer Motion**

Docs: portfolio-vishnud.vercel.app | Repo: github.com/vishnudt2004/portfolio-vishnud

ACHIEVEMENTS

Web Dev Contest Winner – Mirror2K24 (2024, Erode Arts & Science College)

Built a topic-based webpage (HTML, CSS, JS) in 45 mins without internet access using provided images. Secured 1st place among 25 teams and won a ₹1000 prize.

Certificate: [Web dev contest winner](#)

Open Source - Simple UI Components

Built SUIC, an open-source, local-first collection of reusable UI and frontend utility components. published with an NPM CLI (npx suic-cli) for seamless installation as editable source code with documentation support.
